WAYNE COUNTY RHETORIC STALLS PINNACLE NEGOTIATIONS MOTION TO HIRE PROFESSIONAL NEGOTIATOR FAILS

by KIMBERLY BLAKER

At the June 27 Huron Township Board meeting Trustee Larry O'Kelley motioned to hire a professional negotiator for the Pinnacle Project. O'Kelley said, "...I don't think reasonable people can argue that we shouldn't try to get the most benefits we can from the County."

He reminded the Board that a few months ago a negotiating committee was set up. However, the negotiating committee has failed to gain anything for the Township.

Trustee Mary Lou Carey asked where the Board would find a professional negotiator.

O'Kelley suggested many possibilities including contacting law firms, unions and the MTA for assistance. "I believe we can find an ample pool," he said.

Trustee Nora Adkins asked, "Is it your contention that the negotiating committee be dismissed?"

O'Kelley said he would still want two Board members to be part of the committee. He also recommended that the two Board members be those who don't have a personal interest in the Pinnacle.

Supervisor John Mitchell said he had sent Wayne County a list of seven or eight items that would benefit Huron Township. He felt that some of them "are very doable and some would be very costly to Wayne County."

However, he revealed that at a recent meeting he walked out when the County still would not agree to anything specific. He said the County has done nothing but throw out rhetoric.

He pointed out that the Township put \$25,000 into the Ring Road project three years ago and still there is no Ring Road. Huron has paid at least \$25,000 in engineering costs to McKenna & Associates and Hennessey Engineering. The Supervisor said he sent the County a bill for this expense two months ago and the County still hasn't responded. Furthermore,

at a recent meeting, the County denied saying that they would cover \$20,000 in costs that the Township has now incurred. The Supervisor expressed his displeasure with the County saying that he wouldn't pull something like that out of a hat. He said it was clearly discussed at a previous meeting with the County.

"For the benefit of the County, if they were watching," the Supervisor warned, "you will be back to negotiate with Huron Township and with Romulus. It's time you start bringing information as soon as

you get it to the negotiating team. I've informed staff at Hennessey not to charge any more time to the Township for the Pinnacle until we get something concrete in negotiations... I don't think we should invest another nickel."

O'Kelley pointed out, "I don't care if the County does come back to the table. However, I think there is some benefit to having the Pinnacle here."

Nevertheless, O'Kelley later said, "I hope the Township understands that the Pinnacle is going to be a net cost to the

Township... The negotiators will cost some money but they will pay off in the end."

The Supervisor disputed, "I have to differ with you. If they put \$5 million worth of sewer lines in the Township, that is a benefit." The Supervisor said he has also tried to tie the West Road connector into the Pinnacle project.

The motion to hire a professional negotiator failed with O'Kelley favoring the motion. Treasurer Jarrod Barron was absent.

HURON SOCCER ASSOCIATION

The Huron Township Soccer Association is going strong after a successful Spring season. The 2001 season with 180 players is up from 120 last year. One of the program coordinators, Shelly Bergmooser is pleased with the show of support the community has had for the program. Bergmooser didn't realize that when she introduced the concept to Joe Pavlanis in August of 2000 that within two weeks the Huron Township Soccer Association would be such a success.

Interest was coming from every direction. The kids wanted to play and the adults wanted to volunteer, with a combination like that it was bound to be a hit.

With over 40 volunteer coaches, coach trainer, Barry Detherage has his hands full, also with full hands is Huron High Soccer coach Katie Porter who has as many as 20 players that are going to be certified as refs.

In order to keep up with the growth, the HISA has plans to expand the responsibilities of the new 12-member Board of Directors.

Pavlanis is in charge of the U-10 and U-12 travel teams which is now associated with the Great Lakes Soccer League. Pavlanis also has plans to add U-14 teams to the Fall season.

Putting together a successful soccer league encompasses many details. Sponsorship is one of the most important facets, but with Julie Kazlow-ski and Karen Gudith on the job the task was complete.

Wall of Fame

On Thursday, May 17, 2001, Huron High School inducted three of its alumni into their "Chief Achievers" Wall of Fame. The three inductees were Gayland Rinne — 1953, Bonita Cox-Matelic — 1966, and Christine F. Balowski-McLenon. The Wall of Fame Ceremony was held in the Huron Civic Theatre. During the next few weeks we will be presenting to our readers a biographical sketch of each inductee.

Gayland W. Rinne graduated from Huron High School in 1953. While attending Huron he was a member of the student council and freshmen class president. He was quarterback on Huron High's first football team and was also a member of the baseball and basketball teams. It was very apparent to those that knew him in high school that Gayland was the type of person who was all business and that was money in the bank.

After graduation in 1958, Gayland earned the Pre-Standard and in 1961 the Standard Graduate Certificates from the American Bankers Association. He was employ-

ed by the People's Bank of Trenton. Upon graduation from these programs, he went on to graduate from the American Bankers Association Auditing School at the University of Wisconsin. Gayland began his very successful career in banking as a teller. It was not long before he was promoted to auditor. His ability in the financial world became clear and soon he was named Vice President of Personnel and Training Director. Because of his recognized achievement, he served on the Board of Regents — American Institute of Banking. Old Kent Bank eventually bought out the People's Bank of Trenton in 1980. The bank at this time opened many branch offices including Waltz and Flat Rock. It was during this time that Gayland was able to hire and employ many Huron Township residents. In 1992 he retired from the banking world after 35 years of distinguished service.

Many area residents will remember Gayland from his time as a member of St. John's Lutheran Church in Waltz. In 1964, he moved to Monroe,

Michigan and has been active in his church, Trinity Lutheran. He has been able to see the results of his work through the many careers and friends that he has been able to help over the years. He has been a tireless worker who has dedicated himself to serving his family, church and community in this important capacity.

Mr. Gayland Rinne is the descendent of one of Huron's oldest families (of Rinne Road's namesake). Gayland was married in 1954 to Joann Herell. He and Joann have five children and currently enjoy their 14 grandchildren. Mr. and Mrs. Gayland Rinne currently reside in Monroe.

This *Musings* should be a front page item. I will think about it and make a decision later.

Question of the day! Why do governing boards develop and enact policies? To insure, to the best of their abilities, the HEALTH, SAFETY and WELFARE of the citizens within their jurisdiction and

to insure, to the best of their abilities that ALL citizens will be treated as fairly and justly as possible?

My question of the day! Why has our Township Supervisor or Clerk requested that certain policies be waived during the latest meetings? This was not just one request from them, but several. It

appears they are bringing requests to the Board, knowingly, in violation of policy. The excuses are varied: person just happened to walk in, it is only a \$139.00, it is an emergency, etc. Did you know if you just walk in and ask for a job the Clerk will create one for you? If you want to take 20-plus people to lunch, just ask, the Township will pay for it.

As I see the issues, only ones that qualify as an emergency are our HEALTH, SAFETY and WELFARE.

Watch your Township Board meetings on Cable. Attend the meetings (meeting are listed in the Community

Calendar Section of *The Huron River Weekly*). Protect your rights as members of the community. Two jobs have been awarded during the last month. Neither of which were publicly posted so members of the community could make inquiries. Maybe there was someone out there more qualified or maybe not. We will never know!

To our current Board members: Do not let previous Board members try to intimidate you! The people spoke as to their approval of the former Board's type of governing. Remember, they voted you in resoundingly because they were confident you would do

RENTON CAREER DAY

My trip started at the high school in Huron at The Autobody which offered a good deal of job opportunities. After that we saw auto technology, horticulture, drafting machines, Data 1 and office technology. We then headed to Flat Rock and visited the welding and construction trades. From there we went to Southgate school where we saw electronics and general contracting.

Afterwards we went to eat lunch in Woodhaven's library which was nice. At Woodhaven we saw dental occupations, electronics and graphic arts. The tour went to the East River Elementary and it was a small school. We visited health occupations and child care. Then we went to Trenton High School cabinetry and furniture making. Finally departing for River-view High School Hospitality Food Services.

I think the whole trip was the best one yet. There are a lot of opportunities out there for me and others.
